**JSP 660  
Sport in the UK Armed Forces**

**Part 1: Directive**

# Foreword

People lie at the heart of operational capability; attracting and retaining the right numbers of capable, motivated individuals to deliver Defence outputs is critical. This is dependent upon maintaining a credible and realistic offer that earns and retains the trust of people in Defence. In order to achieve this, all personnel must be confident that, not only will they be treated fairly, but also that their families will be treated properly and that Service veterans and their dependants will be respected and appropriately supported.

Sport makes a significant contribution to the delivery of operational capability; indeed it is a core activity in the UK Armed Forces. I am therefore most eager to encourage the active participation of all ranks at all levels of sport. I am aware that the majority of sport is organised by Service personnel on a voluntary basis; knowledge of, and access to, the necessary regulation of activities can be difficult. This important document brings together the policies for, and detailed guidance on, the conduct of sport in the UK Armed Forces.

I commend it to all your staff involved in sporting activity and in particular to your sports association officials who deliver sport at and above unit level.

**Lt Gen Richard Nugee  
Chief of Defence People  
Defence Authority for People**

# Preface

## How to use this JSP

1. JSP 660 is intended as a statement of policy on the conduct of sport in the UK Armed Forces. It is designed to be used by all personnel responsible for the conduct of sport at unit level and above. This JSP provides a single source document on the policy, governance and status of Service sport and at Part 2 gives guidance on the processes involved and best practice to conduct the sporting activity. This JSP will be reviewed at least annually.
2. The JSP is structured in two parts:
  - a. Part 1 - Directive, which provides the direction that must be followed in accordance with statute or policy mandated by Defence or on Defence by Central Government.
  - b. Part 2 - Guidance, which provides the guidance and best practice that will assist the user to comply with the Directive(s) detailed in Part 1.

## Coherence with other Defence Authority Policy and Guidance

3. Where applicable, this document contains links to other relevant JSPs, some of which may be published by different Defence Authorities. Where particular dependencies exist, these other Defence Authorities have been consulted in the formulation of the policy and guidance detailed in this publication.

# 1 Sport Policy

## Rationale

1. Physical Development is a key component of UK Armed Forces (UKAF) operational capability and it comprises the three pillars of Sport, Physical Training/Education and Adventurous Training. Sport makes a significant contribution to operational effectiveness, fighting spirit and personal development. It is recognised as a feature of the Armed Forces Covenant, and plays an important part in Service life including recruiting and retention and in many instances provides excellent public visibility of the Services. Thus, it has a wide role, but specifically within the envelope of physical development, it contributes to fitness, teamwork, leadership, self-discipline, determination, co-ordination, courage, competitive spirit, individual and collective resilience, and consequently military ethos. Inextricably linked to operational efficiency, authorised sport<sup>1</sup> is a Condition of Service with duty status and is a core activity that cannot be considered discretionary. Sport also provides a balance in the lives of Service personnel from the pressures of military commitments and during periods of high tempo operations, an invaluable opportunity for decompression. It is to engender all these qualities that public funding and time is made available for Service sport. This Policy applies to regular and reserve Service personnel.

2. The principles underlying sport policy are to:

- a. create an environment which encourages Service personnel, both regular and reserve, to participate in a full range of sporting activity.
- b. provide all Service personnel with time for sport and access to a clearly defined standard of sports facilities and equipment, in order to achieve and maintain fitness, health and well-being.
- c. encourage sporting success at individual, unit and representational level and provide a framework for Service, Inter Service and Armed Forces sports competitions and representational sporting opportunities.

## Governance

3. **Chief of Defence People (CDP)** is responsible for Armed Forces Physical Development Policy and is accountable to the Defence Board through VCDS.

4. **Assistant Chief of Defence Staff (Personnel Capability) (ACDS(Pers Cap))** is accountable to CDP for:

- a. Defence policy for sport.
- b. ensuring the continued recognition of the provision of Sport as a Condition of Service.

5. **UK Armed Forces Sports Board (UKAF SB)**. The terms of reference for the UKAF SB are at Annex A to this section. The UKAF SB is:

---

<sup>1</sup> That which is authorised by the AFSB, single Service Sports Boards, formation/regional commanders and unit COs. Chapter 2 para 6 refers.

- a. accountable to ACDS(Pers Cap) for promoting, developing and providing policy direction on the conduct of representative sport within and between the single Services and at UK Armed Forces representative level.
- b. the authority for UKAF sports associations.
- c. responsible for standardising where feasible and appropriate, sports' policy across the Services.
- d. responsible for maintaining a liaison with national sports' bodies.

6. **Service Sports Boards.** The Royal Navy, Army and Royal Air Force have each established structures within their Services responsible for the policy, governance, development and delivery of sport. Each has constituted Sports Boards chaired at 2-star level. The single Service Directors of Sport, Captain Personal, Family, Community Support & Physical Development, Director Army Sport Control Board and Director RAF Sport respectively, are responsible within their Services for delivery of representational sport. For the three Services, the delivery of unit sport is supported by the Sports Boards, the chain of command and Physical Training staff. Each director represents their Service on the UKAF SB as a Board member.

7. **National Governing Bodies (NGBs).** The majority of sports have well established NGBs which have comprehensive rules for the conduct of their sporting activities. NGBs are registered with the Sports Councils (UK/GB or England, Wales, Scotland and Northern Ireland). For a particular sport to exist within the UKAF, its NGB must be recognised by one of these Sports Councils; the register in Sport England is normally used for this purpose but to avoid confusion, the alignment of Service sports to NGBs is defined at Annex B.

8. **Service Sports Associations.** Sports Associations (the term includes Sports Unions and Clubs) are constituted under the authority of the Sports Boards. Managed by serving personnel, Sports Associations are the enablers for sport delivery supported by public and non-public Service funds. As such they are MOD bodies acting on behalf of their Service Sports Boards and are accountable to the Chairman of that Service Sports Board for the delivery of specific sports within their Service. The sports associations are to administer their sport in accordance with the directives of their sport's NGBs and Defence, Joint Service and single Service publications and instructions. As sports associations have charitable status, they are to abide by Charity Commission rules and regulations. UKAF Sports Associations are accountable to the UKAF SB and their structure and governance are defined at Annex C.

9. **Commanding Officers (COs).** COs' responsibilities for sport are detailed in Queen's Regulations, Training Directives and as directed by objectives in Command Management Plans, all of which encourage participation in sport, along with the provision of time, facilities and sports travel. COs may exercise this responsibility through Unit Sports' Boards, other similar committees or through Physical Training staff. Whilst recognising the benefits that sport brings to operational effectiveness, physical fitness, team building and the well-being of Service personnel, COs should also be aware of the potential impact of sports-related injury on operational capability. MOD's policy is clear both to encourage sport and require COs to take sensible steps to reduce the risk of injury by following the appropriate NGB and MOD regulation, monitoring injury trends, evaluating risks and providing the appropriate supervision when necessary.

10. **Adaptive Sports.** Adaptive Sport (AS) plays an important role in the recovery of Wounded, Injured and Sick (WIS) personnel.

a. Battle Back Sports (BB-S)<sup>2</sup>, working with the Defence Recovery Capability (DRC), is Defence's focus for AS. The Terms of Reference for BB-S are at Annex D to this chapter. BB-S is responsible for:

(1) the identification and development of appropriate AS programmes.

(2) the governance of AS and the promotion of AS across Defence.

(3) effective liaison with the British Paralympic Association (BPA) and appropriate NGBs, National/International Paralympic Committee (N/IPC), National/International Disability Sports Organisation (N/IDSO) or other appropriate bodies recognised by UK Sport / Sport England as being the national lead.

b. There are significant parallels between Able Bodied Sport (ABS) and AS. Although AS was introduced primarily to support the DRC to support the recovery and rehabilitation of WIS personnel and their return to an active lifestyle and whilst this remains its focus, the delivery of AS alongside ABS is important, in particular for WIS personnel who return to active duty.

c. The core AS programme is promulgated by the Defence Adaptive Sport and Adventure Training Centre, Lilleshall (DASATC).

## Categorisation

11. **Basis for Categorisation of Sports.** Sports are categorised by their eligibility for public funding, and to qualify for such funding a sport must:

a. be affiliated to a NGB as approved by the Sports Council. The Service Sport Association concerned must have a constitution approved by the relevant Sport Board and acceptable accounting procedures and committee structure.

b. have known and established grass roots support. It is to be open (and, if it can be determined, with popular appeal) to all ranks.

c. have guaranteed financial support from non-public funds.

d. if a new sport, have low projected per-capita costs.

e. if a new sport, be subject to a trial/monitoring/review period of 3 years before it can be considered for full recognition. At the end of this period, it is to be assessed by the UKAF SB against the MOD's capacity both to fund and support it. Automatic 'recognition' after 3 years should not be assumed.

f. encourage or develop the following:

(1) good health, personal fitness and physical development.

---

<sup>2</sup> Formerly known as the Combined Services' Adaptive Sport Association (CSASA).

- (2) beneficial physical activity, especially for personnel in 'sedentary occupations'.
- (3) physical fitness for performing operational tasks under stress.
- (4) self-discipline.
- (5) high morale and esprit de corps.
- (6) co-ordination, determination, confidence and motivation.
- (7) courage and character-building.
- (8) leadership qualities.
- (9) competitiveness (i.e. the sport should not be primarily a social or recreational activity).
- (10) recruiting and retention.

12. **Categorisation.** Sports are to be categorised as follows:

a. **Category 1 (Cat 1).** 'Cat 1 sports' are those which, by virtue of the large numbers of participants both in training units and in the Services at large, have facilities provided at public expense. Facilities are provided, as a maximum, to a 'scale' as laid down in JSP 315 Scale 48. Sports facilities at the specified scale may also be provided through PPP/ PFI. Public funding may also be used, within laid down criteria, for equipment, travel, grants for coaching courses and Cash In Lieu Of Rations (CILOR). Cat 1 sports are common to all 3 Services and currently are: Athletics, Football, Rugby Union and League, Hockey, Cricket, Tennis, Squash and Netball. Participation in Cat 1 sports must be formally authorised<sup>3</sup>.

b. **Category 2 (Cat 2).** 'Cat 2 sports' are those sports which do not justify Cat 1 status but nevertheless fully meet the criteria for public funding and are recognised as doing so by the UK AFSB. Because of the differing operating environments of the 3 Services, Cat 2 sports need not necessarily be common to all. Nevertheless, differences are to be minimised to avoid inconsistency of funding and duty status of personnel doing the same activity. Public funding may be used, within laid down criteria, for equipment, travel, grants for coaching courses and CILOR. Although dedicated facilities are not provided, those built for other primary purposes may be used by 'Cat 2 sports', e.g. basketball in a gymnasium. In exceptional circumstances and where budgets allow, single Services may, with the agreement of their D Res, authorise the use of public funds to pay for the hire and/or temporary construction of a facility when the requirement is to meet the safe and legitimate running of a winter sports event. Participation in Cat 2 sports must be formally authorised<sup>4</sup>.

c. **Category 3 (Cat 3).** 'Cat 3 sports' are those which do not meet, or have not yet met, fully the criteria for public funding but which are considered by single Service

---

<sup>3</sup> See Chapter 2 para 6. Authority ensures conformity with the provisions and guidance of JSP 765 (Armed Forces Compensation Scheme).

<sup>4</sup> See Chapter 2 para 6. Authority ensures conformity with the provisions and guidance of JSP 765 (Armed Forces Compensation Scheme).

Sports' Boards with the endorsement of the UKAF SB, to merit support from non-public funds. Cat 3 sports are not eligible for any public funding. Authority for participation may only be granted for Single Service and Inter Service Championships where the provisions of JSP 765 can be applied. Activity outside these championships is conducted in a service person's own time and at their own risk.

d. **Category 4 (Cat 4).** 'Cat 4 sports' are those which do not fall into any of the above categories. The activity is conducted in a service person's own time and at their own risk without any eligibility for the provisions of JSP 765. Cat 4 sports may, on occasions, merit support from non-public funds.

13. **Current Status of Sports.** The current status of individual sports, including the sub disciplines of sports, is at Annex E to this section. This status is reviewed routinely by the UKAF SB. Certain sports have significant overlaps with Adventurous Training (AT) which is governed by JSP 419. To avoid confusion on what can be conducted as Service sporting activity, the table at Annex F provides:

- a. clarity on what can be considered as Service sporting activity within each sport or sub discipline of sport.
- b. where overlaps exist with AT, definition of the competitive activity that can be considered as Service sport.

14. **Change of Status.** To upgrade the status of a sport, the chairman of the single Service sport/activity must apply to the appropriate Service's Sports Board whose Director will make recommendations to the UKAF SB. The chairman of a UKAF sport/activity should apply directly to the UKAF SB. The UKAF SB is the sole authority for the recognition of sports. Ideally the status of sports should be the same across the three Services but exceptionally and where participation levels vary significantly, different status levels can be granted. Before downgrading the status of a sport, the UKAF SB will seek the views of the Sports Associations concerned.

15. **Definition of Representation.** The following definitions are used to classify representation:

a. **Representative Sport.** The term 'representative sport' describes sporting activity conducted by individuals and teams representing single Services or UKAF; within the single Services, the following additional levels of representation are applicable:

- (1) **RN.** Region and Corps (for Royal Marines).
- (2) **Army.** Corps.
- (3) **RAF.** Region and Branch.

b. **Unit Sport.** The term 'unit sport' describes sporting activity conducted by individuals or teams at ship, base, unit and station level or independent sub units below that level.

## The Development Pathway

16. Service Chiefs recognise that Sport enhances the 'will to win' and contributes to the fighting spirit of Physical Development and therefore operational capability. Within the Armed Forces, each Service supports, resources and develops a broad range of sporting activity to increase participation further. The majority of sport should take place within units and bases where sporting opportunity is not only available for all but commanders strongly encourage full participation.

17. Although the main effort remains participation for all Service personnel, those with particular aptitude are strongly encouraged to develop their skills and fitness through to perform at higher levels. These levels will vary in each of the Services but they come together when competing in Inter Service competitions or at the very top of Service sport, when representing the UKAF.

18. The Development Pathway provides a structure for the development of players and officials from unit level sporting activity to national representation. The level of attainment will depend on the aptitude, inspiration and determination of the individuals. The Pathway is described at Annex G to this chapter.

## Single Service Regulations

19. Each Service has its own regulations governing sport:

## CONSTITUTION OF THE UKAF SB AS AN EXCEPTED CHARITY

8. With the majority of sporting activity in the UKAF non-publicly funded (see para 9 below), the UKAF SB has Excepted Charity<sup>6</sup> status for these funding arrangements.
- a. **Purpose.** The (charitable) Purpose of the UKAF SB is to promote the efficiency of Her Majesty's Armed Forces.
  - b. **Trustees.** The 3 trustees of the UKAF SB are the 3 single-Service Directors of Sport.
  - c. **Responsibilities.** The trustees of the UKAF SB are responsible and accountable to the Charity Commission for:
    - (1) ensuring the board's purpose is for public benefit and fulfils the role in this Constitution.
    - (2) acting in the charity's best interests.
    - (3) managing the charities resources responsibly.
    - (4) acting with reasonable care and skill.
    - (5) ensuring the charity is accountable.

## FUNDING

9. The UKAF SB is a MOD body and is primarily publicly funded. Sporting activity in the Armed Forces does attract some public funding but the majority is non-public funded. The UKAF SB manages the UKAF Sports Fund which has two parts:

---

<sup>6</sup> Excepted charities do not have to register with the Charity Commission or submit annual returns. In all other respects however they are bound by Charity Law and the Charity Commission who exercise regulatory authority. An Excepted Charity must have an income of under £100k and in the case of UKAF SB, is a charitable Service Fund of the Armed Forces.

a. The **Current Account** which is managed within the ASCB Central Bank. The current account is maintained within an upper threshold of £35k to allow for seasonal variations of income and expenditure. The current annual operating budget is £25k.

b. The **Investment Account** is managed within the Blackrock Armed Forces Common Investment Fund (AF CIF). The Board accepts the return on investment and the level of risk management associated with the AF CIF. The Investment represents a reserve fund should income for the current account reduce significantly. The investment account was originally set between £300k and £350k but should be allowed to grow within inflation figures.

10. The Secretary is authorised to sign cheques up to £1,000. Beyond that threshold, cheques must be countersigned by DASCBS or his COS.

11. An excepted charity is not required by law to produce an annual report but recognising good practice, annually, the Secretary will invite an independent inspection of accounts and the Chairman will produce a report to trustees.

## UK ARMED FORCES SPORTS ASSOCIATIONS

### STRUCTURE AND GOVERNANCE

1. Managed by serving personnel, UKAF Sports Associations are the enablers for sport delivery supported by public and non-public Service funds. As such they are MOD bodies acting on behalf of the UKAF SB for the delivery of their specific sports. UKAF Sports Associations are accountable to the UKAF SB. The sports associations are to administer their sport in accordance with the directives of their sport's NGBs and Defence, Joint Service and single Service publications and instructions.
2. As sports associations have charitable status, they also abide by Charity Commission rules and regulations. The Charity Commission will regard as trustees either those personnel listed as such in their Constitution, or in the absence thereof, they would deem the Executive Committee of that Excepted Charity to be the de facto trustees<sup>8</sup>.
3. The organisation of UKAF sports associations vary considerably. Some are very small and comprise a single managerial post. Others such as Winter Sports and Cricket have significant management structures. Each Sports Association is to have a chairman appointed and a constitution approved by the UKAF SB. Their organisation generally fits into one of three models.
  - a. **Permanent / Non-Rotating.** The management is a separate and independent structure where positions are filled by selected individuals whose roles are specific to the association. Members of single Service sports associations can be included in the management committees but the Chairman and other key appointments are separate.
  - b. **Rotational.** A separate UKAF association is not constituted and the single Services take it in turn to manage the Inter Service competition and UKAF sporting activity within their own single Service structure. The frequency of the rotation can vary but is usually on an annual basis.
  - c. **Hybrid.** Hybrid organisations have one or more permanent appointments such as secretary and treasurer but the responsibility for the overall leadership and management of the UKAF sports association rotates between the single Services. The frequency of rotation varies between one and three years.
4. The Chairman of the sports association is responsible for the leadership, management and conduct of the association. The generic terms of reference for the Chairman are set out in Appendix 1.
5. Each UKAF sports association is to operate within a constitution as an excepted charity (or Articles of Association if a registered charity) approved by the UKAF SB. A generic template for a constitution is at Appendix 2. This template is not prescriptive and should be used as a guide to drafting a constitution to suit the association.

---

<sup>8</sup> Charity Commission Publication 3 (CC3) issued Jul 15.

6. The UKAF SB authorises UKAF Sports Association fixtures and overseas visits. UKAF sports associations submit their proposed fixture lists bi-annually to Sec UKAF SB for the summer and winter seasons. Sec UKAF SB reviews the submissions and authorises as appropriate. Contentious events are referred to the main Board.

## **RISK MANAGEMENT AND ASSURANCE**

7. UKAF sports association chairmen are appointed by UKAF SB and they are to ensure that their associations conduct their sporting activity in an appropriately safe manner in accordance with NGB rules, in compliance with JSP 660 and using best practice within single Services sports boards, noting this may be more stringent than NGB rules. Where NGB rules fail to mitigate the risk to life adequately or to the standard required by MOD regulation, they are to establish risk management systems that ensure any risk is as low as reasonably practicable.

8. As a general rule, UKAF sports association chairmen are not responsible for the conduct of Inter Service tournaments and championships. These are normally hosted by each single Service in turn on an annual rotation and the hosting Service is responsible for the safety and risk management of the event. There are a few exceptions, notably Winter Sports, where the UKAF association will be responsible for the Inter Service Championships and are obliged to provide appropriate safety management plans for the conduct of the sporting activity. In all Inter Service events, single Service Sports Boards authorise the participation of their personnel and single Service sports associations must assure themselves that the safety management plans are appropriate.

9. The risk owners for Service personnel participating in UKAF representational sport are the respective single Service 2 Star heads of sport. They manage the risk through the chairmen of their single Service sports associations. Thus the chairman of the single Service sports association must satisfy himself/herself on behalf of their head of sport that the UKAF sport association activity is appropriately managed from a safety and risk perspective before their association personnel participate.

10. Assurance of UKAF representative sporting activity is conducted at 3 levels:

- a. Self-assurance (1st party audit) is conducted within the UKAF sports association.
- b. Internal assurance (2nd party audit) is to be managed by the appropriate single Service where the responsibility for managing/chairing the UKAF sports association rotates between the Services or the secretary position is permanent within a single Service.
- c. External assurance may be directed on a risk based approach or by NGBs.

## **APPENDICES**

1. Terms of Reference – Chairman of UKAF Sports Association.
2. UKAF Sports Association Constitution – Template.

## TERMS OF REFERENCE – CHAIRMAN OF UK ARMED FORCES (UKAF) SPORTS ASSOCIATION

### APPOINTMENT

1. Under the authority of the UK Armed Forces Sports Board (UKAF SB) and as Chairman of that Board, I formally appoint you as Chairman of the UKAF XXX Association with effect from 'date'.

  - c. advise the UKAF and single Service Sports Board on matters concerning its sport.

### RESPONSIBILITIES

3. You are responsible for the promotion of 'name of sport' at the UKAF level and for the efficient administration and organisation of the sport for the benefit of Service personnel in accordance with an approved constitution. You are to act with reasonable care and diligence and in good faith in the best interests of the Association. If your duty to act in the best interests of the Association is in conflict with (or may conflict with) your personal interests, you must disclose this responsibly. You should abide by the following:
- a. policy direction and guidance given in JSP 660, Sport in the UK Armed Forces.
  - b. policy, directives and guidance given for the conduct of the sport by its NGB.
  - c. as a de facto trustee of the Association in its guise as an Excepted Charity – Guidelines for Trustees of Charitable Organisations.

4. **Association Management.** As Chairman, you are to:
- a. form and maintain a structure for management of the Association, constituting committees as necessary for long term development of the association, the proper and safe conduct of sporting activity within it and appropriate financial management of Association business. You are to ensure the effective and efficient management of the Association and the delivery of sporting activity within it, suitable officers are appointed for the management of the Association and a formal constitution is established.
  - b. chair a committee to govern and provide executive direction for the on-going business and best interests of the Association. You are to convene an annual general meeting (AGM). Proper records are to be kept of all proceedings at AGMs and executive committee meetings; these records are to be copied to Sec UKAF SB.
  - c. maintain a succession plan to ensure continuity of effective leadership and management.
5. **Financial Management.** You are responsible for the proper financial management of the Association and are to:
- a. ensure that Association funds are managed in accordance with MOD regulation and Charity Commission rules. The Association is to have a five-year plan and activity is to be managed within budget. - a. ensure that the Association conducts its sport in an appropriately safe manner in accordance with NGB rules and compliance with MOD regulations. Where NGB rules fail to mitigate the risk to life adequately or to the standard required by MOD regulation, you are to establish risk management systems to ensure any risk is as low as reasonably practicable, using best practice within single Service sports boards. Single Service Heads of Sport hold the risk for the participation of their Service personnel and they manage that risk through the chairmen of their respective sports associations. Where necessary, you are to assure the single Service sports association chairman that the risk management of UKAF sporting activity is appropriately safe for the participation of their Service personnel.
  - b. establish assurance procedures for your sport, conducting self-assurance (1<sup>st</sup> party audit) within the Association. Internal assurance (2<sup>nd</sup> party audit) is to be managed by the appropriate single Service where the responsibility for managing/chairing the Association rotates between the Services or the secretary

position is permanent within a single Service. External assurance may be directed on a risk based approach.

c. ensure all fixtures and overseas visits are authorised by the Secretary UKAF SB and organised in accordance with JSP 660.

7. **Promotion.** You are to:

## THE DEVELOPMENT PATHWAY

1. **Aims and Objectives of the Development Pathway.** The pathway has been designed for individuals to develop their sporting potential through progressively higher levels of sport. Only the exceptionally talented and motivated will reach the top but every stage provides a measure of success and personal achievement for the majority, contributing to team ethos and esprit de corps. The pathway provides opportunities to:

- a. gain skills in line with their level of aptitude and maturity.
- b. move easily from one stage of involvement to another.
- c. be motivated and have fun while developing their skills and interests, specifically at grass roots foundation level.
- d. be exposed to situations that have direct transferability to the workplace.
- e. inspire them to stay involved in Service sport long term.

2. **Sporting Stages.** Although sports have different requirements, they should all have definite stages in taking individuals from their early involvement to being an experienced participant. Success at each level may inspire others to strive for similar attainment. Generally the progression should move through the following stages:

- a. **Grass Roots/Foundation.** Personnel are introduced to basic sports skills in a variety of activities/disciplines with competition and fun physical activity as the focus.
- b. **Ship/Establishment/Unit.** Sports fixtures and Regional sports leagues encourage participation in sport to develop/maintain skills. Progression is achieved when a greater focus is placed on skill development, team ethos, competition and contribution, but fun and enjoyment are still important.
- c. **Command, Corps & Regional Representative Competitions.** Competitions specialise in specific sports and disciplines where individuals can become serious about sport refining their skills and involvement to compete to win or officiate at a higher level of representation.
- e. **Single Service & Inter Service Representation.** Competition provides a formal high level of activity and achievement, with training, coaching clinics, attendance on courses and the development of talent playing a large role in performance at this level. The goal is to compete or officiate at the highest levels.
- f. **UKAF Representation.** This level recognises individuals that have established themselves as high performers; training and coaching or achievement of enhanced qualifications become a significant part of their life with a serious focus. Participants are committed to achieving an elite level of performance in a focussed way.
- g. **International/Full-Time Elite Athletes and Officials.** Single Services provide opportunities for elite athletes and officials to develop their physical, cognitive, social

and emotional skills performance at the highest levels in a specialised and often full time environment.

# 2 Conduct of Services Sport

## General

1. Defence policy encourages Service personnel to participate in the full range of authorised sporting activities at all levels of ability as an individual or as a team member in Section, Unit, Command, Service, Inter-Service and UKAF competitions. Outside the framework of Service sport, Service personnel may compete as members of national, regional or other civilian teams but do so out of Service and in their own time.
2. The Whole Force Concept and Future Reserve 2020 sought greater integration of Regular and Reserve Forces. Sport is recognised as a significant component of operational effectiveness and in an integrated force is as applicable to reserve forces as it is for the regular element.

## Eligibility

3. All Service personnel on a regular Service, Full-time Reserve Service (FTRS) or Additional Duties Commitment (ADC) engagement are eligible to participate in authorised Service sport.
4. Part-time Volunteer Reserve (PTVR)<sup>11</sup> Forces personnel are also eligible to participate in authorised Service sport. As the Terms of Service for personnel in the Reserve Forces differ, reservist participation in representative sport requires additional eligibility criteria to prevent enlistment purely for sport. To be eligible, PTVR personnel:
  - a. **must** have been attested and are actively participating in Phase 1 and 2 training to meet the trade/capbadge Formal Training Standards iaw JSP 822 or have completed Phases 1 and 2.
  - b. **will** be liable for mobilisation.
  - c. **must** meet the annual training requirements in the preceding year (qualified for bounty /Certificate of Efficiency). This is not applicable for those in their first year of Service but para 4a applies.

5. The eligibility of Service personnel both regular and reserve to participate in representative sport is defined in the matrix at Annex A. This matrix draws distinction between the levels of Service sport from unit level to UKAF representation. Exceptionally and for the clear benefit of the Service, sport or championship, dispensation to include an ineligible participant at the Inter Service or UKAF level can be granted by the UK AFSB. At single Service level and below, the dispensation can be granted by single Service Sports Boards.

## Authorisation

6. **Official Sporting Activity.** Participation in Service sporting activities requires authorisation by the appropriate body acting on behalf of the Defence Council. The appropriate body depends on the level of sporting activity.

---

<sup>11</sup> Royal Naval Reserve, Royal Marine Reserve, Army Reserve and Royal Auxiliary Air Force.

- a. **Unit Level.** Unit commanding officers (COs) authorise unit level sporting activity within their home theatre or theatre of operations. Such activity need not be confined to the sports categorised in Part 1 of this JSP provided the CO has the necessary resources to fund the activity, is operating within chain of command direction or guidance and has ensured the activity has a direct contribution to the personal development of Service personnel in the unit and thereby to operational capability.
- b. **Formation/Regional Level.** Formation and Regional commanders authorise sporting activity and competitions within their respective commands.
- c. **Single Service Representational Level.** Single Service Sports Boards authorise all representative sporting activity within their respective Services.
- d. **UKAF Level.** The UKAF SB authorises the participation of teams representing the UKAF in sporting events.

## Duty Status of Participants

7. When participating in an authorised sport, Service personnel are representing their respective Service and the UKAF and therefore acting in the course of their duty and service.
8. For reservists, the conditions for duty status are covered in the [Reserve Forces Act 1996](#) (RFA96).
  - a. Obligatory training – Section 22.
  - b. Commitments to perform additional duties – Section 24 for FTRS and Section 25 for ADC.
  - c. Voluntary Training and Other Duty – Section 27 (covering paid and unpaid duty).
9. Ideally PTVRs should participate in representative sports as part of normal training under Category A (on duty, paid and eligible to claim travel costs for authorised events). Participation in representative sport could also be conducted in categories:
  - a. **C1: RFA96 Section 27** – personnel are categorised as on duty, eligible for expenses but unpaid.
  - b. **C2: RFA96 Section 27** – personnel are categorised as on duty, ineligible for expenses and unpaid.
  - c. **H: RFA96 Section 27** – personnel are categorised as on duty, eligible to travel at public expense and are paid.
10. Categories C1 and C2 for PTVR personnel should only be used in exceptional circumstances where public funding is either unavailable or extremely limited.
11. The majority of sports associations are led and managed by Service personnel acting in a voluntary capacity, undertaking duties that are ancillary to their main function. Those

duties are directed and defined by an appropriate Service authority<sup>12</sup>. Any Service personnel engaged as part of their duties in Service activities, such as Chairman, Secretary and Treasurer, in support of Service sports obligations, including those non-publicly funded, would be acting in the course of their employment within the MoD or the UKAF. As such MOD would be vicariously<sup>13</sup> liable for an individual's actions in the pursuance of their duty.

## Armed Forces Compensation Scheme (AFCS) – JSP 765

12. Authorised Service sport is covered by [JSP 765](#) - The Armed Forces Compensation Scheme (AFCS). Service personnel both regular and reserve participating in authorised sporting activity are covered by the Scheme which provides compensation for illness, injury or death where caused (wholly or partly) by an individual's service in the UKAF. A payment is made from the Scheme where the claimant shows that on the balance of probabilities, their injury is more likely than not to have been caused by service. Each case is decided on its individual merits taking account of all relevant evidence. Compensation is only paid for injuries which are sustained during sporting activity where the activity was authorised on behalf of the Defence Council and prior to it taking place by the UK AFSB, single Service Sports Boards or unit commanders. Activities include personnel participating in, officiating at or organising official sporting events.

13. To minimise the risk of injury, Service personnel have a personal responsibility to ensure they are medically fit to undertake sporting activity.

14. As compensation cases are open to interpretation and judgement by Service Personnel and Veterans Agency (SPVA), all Service personnel are to be strongly encouraged by the chain of command and activity organisers to have their own personal and third party liability insurance when participating in any Service sport.

## Safety in Sport

15. **Attitude to Risk.** Sport along with Adventurous Training, provides excellent opportunities to develop mental and physical robustness within Service personnel, create risks of the unknown, set conditions to inspire a will to win and overcome fear and adversity. Sporting activity will involve risk, some greater than others. In setting the conditions for the safe conduct, sports associations are to adopt an approach that is risk aware, not risk averse, so the benefits of challenging sporting activity can be exploited to the maximum.

16. **Duty of Care.** When sporting activity is authorised by the appropriate body, participants, both players and officials, are placed on duty and the MOD has a duty of care responsibility for that activity. The principles in both [DSA01.1](#) (formerly JSP 815), Defence Policy for Health, Safety and Environmental Protection, and [JSP 375](#), Management of Health & Safety in Defence, apply to authorised Defence activity and it is therefore incumbent on unit COs and the sports associations to demonstrate that the appropriate risk management structures are in place and that safety risk has been reduced to 'as low as reasonably practicable (ALARP)'. Sport differs from the majority of Defence activity

---

<sup>12</sup> Appropriate Service authority can be an officer commanding a formation/station/base/unit or a Director of a Sports Board.

<sup>13</sup> In the context of employment, 'vicarious liability' means that the employer is liable to pay compensation to anyone who may suffer injury or property damage as a result of the negligent actions of his employees which they may commit in the course of their normal employment.

because sports are regulated by NGBs. The regulation of sporting activity by the NGBs is the primary source for the safe conduct of that particular sport. The responsibility for safety in a sporting activity is held by those who deliver the activity and for many sports, the safe conduct is controlled by a referee, umpire, technical delegate or equivalent. Where regulations in NGBs fail to mitigate risk to life adequately or to the standard required by MOD regulation, sports associations are to establish their own risk management and assurance systems.
