### **ARMY SPORT SCHOLARSHIPS SCHEME 2022/ 23**

You will be pleased to know that BAE Systems have agreed to continue with the award of their Sports Scholarship Scheme for this year at £30k. In addition, and in response to increasing demand and talent, the ASCB Trustees agreed to double their funding of ASCB Sports Scholarships from £30k to £60k.

This note is the calling notice for applicants for this year's Scheme. As in previous years, the priority for scholarships will be those who are our most promising **young athletes** who aspire to great things. Individual scholarships are not normally awarded to veterans. Essentially the sponsorship scheme should now offer some funding to even more athletes in all disciplines to a sum of £500 - £2,000 each depending on the need. As in previous years, please only request the amount that is actually needed.

The Army Sport Scholarship Awards Committee will meet on Wed 6 Jul 22 (the day after the TASS Selection Board) so we will require **nominations please, no later than Mon 20 Jun 22**. Please note that your submission should use the template which is attached at Annex A. The results from the Committee meeting will be announced on Thu 21 Jul 22.

**As a reminder, recipients of the 2021/ 22 Army Sport Scholarship must send their annual reports into my PA by Thu 31 Mar 22. This short annual report should include detail of how their grant has assisted them during the year. Please note that your submission should use the template which is attached at Annex B.**

Finally, in order to encourage the development of talented sportsmen and women in the Army, the Army Sports Scholars will continue to be eligible for an ASCB International Competitors Grant (ICG) which is paid retrospectively (providing they meet the qualifying criteria). Details of the ICG are contained in the Army Sports Lottery DIN (2019DIN10-015) on our website.

Cheques to cover the awards will be issued to the relevant Sports Secretaries who are required to manage their athletes' expenditure and provide documentary evidence for auditing purposes.
